

### **The school is not only for young, single adults?**

- Married couples, divorcees, and singles will all benefit greatly from the school.

### **If you have already attended college it is not too late to attend Xtreme Life Training Center.**

- If you are still unsure of God's plan for you or just want to be better equipped to achieve your divine destiny, then it would be a very wise and worthwhile investment to spend just eight months in training with us.
- Life is too precious to waste time not knowing where you are going.

### **Xtreme Life Training Center is a “life” training center, not a “ministry” training center, but we do offer a ministry internship program.**

- The ministry internship offers ministry-oriented students an opportunity to gain valuable ministry experience and use their gifts to serve others.
- Students may choose to become involved in our awesome worship and drama ministries. They will periodically travel to churches and minister to teenagers during youth services and other special events. Our goal is to help pastors build their youth groups.
- Students may also elect to join our volunteer staff to serve as part-time caretakers, secretaries, and audio/visual technicians.

### **Additional information!**

- Visit our website at [www.xtremelifetc.com](http://www.xtremelifetc.com) for additional info.
- Please carefully examine the information about Xtreme Life Training Center and catch the heart of a very unique school.
- Help us get the word out! We believe the school sells itself, but people need to know that it exists. Promote it in your churches!
- I know that it will be a blessing to many young people!

### **You may become involved in the school by sponsoring students and giving scholarships - or by your contributions and prayers.**

- You may contact us if you need more info or have questions.

### **Xtreme Life Training Center is about preparing young people for life, not just a career.**

- Our primary purpose is to offer young people training that will equip them to effectively pursue God's plan for their life.
- Our goal is to be a “middle-man” that helps them know and prepare for the next step.
- For a period of just nine months, students will be offered biblical, relational, and practical wisdom from experienced instructors.
- Afterwards, they will be prepared to accurately pursue their destiny through a college, university, Bible school, vocation, marriage, and their home church.
- We will help them discover God's plan for their life and train them to successfully pursue it.
- We will help them prepare for their next step into future relationships and a career.
- We will give them the tools from the Word of God to build a foundation for success and overcome the challenges of life.
- We will also impart wisdom that will equip them with the life-skills that are necessary to avoid costly mistakes and to function in life with excellence.

### **The fact is that far too many young adults are just not prepared to face the challenges of life.**

- Approximately 80% of Christian young people walk away from their faith during the college years.
- Many Christian young people will not even acknowledge that they are a Christian after four years of college.
- Many college graduates never pursue a career in the field in which they spent much time and money being educated.
- Too many Christians are not prepared to live their life totally submitted to the will of God.
- As a result, very few ever reach the destiny that God has for them.

### **What about the financial realm?**

- The average American family will make over \$2 million in a working lifetime - and nothing is taught about how to manage this money in most high schools and colleges.
- The average college student graduates with over \$40,000 of debt, with many having \$75,000 of unpaid school expenses.
- Because of poor financial planning, many students will be forced to dropout of college before the completion of their schooling and still possess thousands of dollars of debt.
- 80% of graduating college seniors have credit card debt before they even have a job.
- According to CardTrak, Americans currently have over \$800 billion in credit card debt.
- 90% of people in our culture buy things they cannot afford.
- Incurring debt early in life hinders people from pursuing their dream, promoting the gospel, and puts a strain on young relationships.

### **How are we doing in our relationships?**

- About half of first marriages, and up to 60% of second marriages, end in divorce.
- Of the marriages that do survive, only 20% are reported to be happy marriages.
- Over half of young people ages 18-32 believe that you should live together before you get married. However, the divorce rate is 50% higher for couples who cohabit before marriage.
- During the last 40 years, out of wedlock births have skyrocketed approximately 500% and the percentage of single-parent families has more than tripled.
- About one third of American children are born out of wedlock.
- Sexually transmitted disease rates in the United States are the highest in the developed world. One in five sexually active adults may be infected.
- 76% of girls have sex before age 18.
- 88% of young people that make a vow of chastity break it within two months.

### **Our young people need our help!**

- They need more than the traditional education.
- 15% of success can be attributed to education - 85% is attitude, perseverance, diligence, and vision.
- Financial advisors even say that winning at money is 80% behavior and only 20% knowledge.

### **Xtreme Life Training Center will make a difference in the lives of young people by teaching them proper attitude, perspective, and know-how!**

- The subjects have been divided into three categories.
- There are biblical subjects such as How to Know God's Will, The Basics of Faith, Missions, Submission and Authority, How to be Led by the Spirit, Discovering Your Gifts, Spiritology, Giving, the Way of Living, etc.
- The relational subjects include Finding a Mate, The Marriage Covenant, Healing Your Insecurities, Integrity, Professional Image, People Skills, Temperaments, The God Kind of Love, Effective Parenting, Women of Power, A Man Thing, and more.
- The practical subjects are Automotive Maintenance, Cleaning, Cooking for Life, Effective Shopping, Handyman Basics, Healthy Living, Landscaping Fundamentals, Principles of Organization, Vision, The Fundamentals of Finances, Keeping Your Finances Organized and Avoiding Pitfalls, Major Purchases/Homes and Vehicles, Making the Most of Your Money, Scholarships and Job Applications, Insurance Coverage, Civic Duties, etc.

### **The school is designed for young adults ages 18-30.**

- Exceptions may be made to the age requirements in special circumstances.
- Adults of any age may audit a total of three subjects per school year without enrolling as a student.

### **The training center is located in Willmar, Minnesota.**

- We are meeting in Word of Faith Family Church.
- Our classroom is a spacious, modern, and well equipped area which is very conducive to learning.
- The city of Willmar is a progressive community of approximately thirty-thousand people. It is little enough to have a small town atmosphere, but large enough to have big city amenities.

### **Classes begin the second week of September and end the second week of May.**

- Class times are Monday through Friday from 8:30 a.m. to 12:00 p.m. There are three class sessions per day. Several classes are practical, hands-on training.

### **The Tuition is very reasonable!**

- Only about \$5.00 per class.
